NIS Committee Annual Report to USIB

55

Attached is the report to USIB that you as Chairman of the NIS Committee normally forwards about this time of year. During last Wednesday's Committee meeting I suggested that the NIS Committee members have a copy for their review and comments.

25X1A9a Paragraph 7 in the ANNEX under "Cost Estimates" requires further checking by [REDACTED] as the CIA cost totals were hurriedly gotten from him during the press of other business.
